SACHI A. HAMAI
Interim Chief Executive Officer

May 19, 2015

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

12 May 19, 2015

PATRICK OGAWA
ACTING EXECUTIVE OFFICER

Board of Supervisors
HILDA L. SOLIS
First District

MARK RIDLEY-THOMAS
Second District

SHEILA KUEHL
Third District

DON KNABE
Fourth District

MICHAEL D. ANTONOVICH
Fifth District

APPROVE THE 2014-15 LOS ANGELES COUNTY LOCAL FUNDING PRIORITIES FOR SUBSIDIZED CHILD CARE AND DEVELOPMENT SERVICES (ALL DISTRICTS) (3-VOTES)

SUBJECT

Local Planning Councils (LPCs), funded by the California Department of Education (CDE), are required to complete, on an annual basis, geographic priorities for the expansion of subsidized child care and development services. The Los Angeles County Child Care Planning Committee (Planning Committee), in conjunction with the Chief Executive Office, is submitting the Los Angeles County geographic funding priorities for child care and development services for Fiscal Year (FY) 2014-15 for approval by the Board of Supervisors.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve the Los Angeles County California State Preschool Program (CSPP) Priorities – FY 2014-15 (Attachment I).
2. Approve the Los Angeles County General Child Care and Development Program (CCTR) Priorities – FY 2014-15 (Attachment II).

The Office of Child Care will submit the signed documents to the CDE.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Pursuant to State requirements, formal approval by the Board and the County Superintendent of Schools is needed before submitting the geographic funding priorities to the CDE. Education Code 8499.5 requires LPCs in each County to submit to the

CDE the local priorities it has identified that reflect the need for subsidized child care and development services in the County. Priorities are reviewed to determine if circumstances have changed creating new or different areas of need. The results are compiled in the LPC Local Funding Priorities reports as required by the CDE.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

Approval of the geographic funding priorities supports Goal 2: Community Support and Responsiveness and Goal 3: Integrated Services Delivery by providing stakeholders with information comparing the supply with the gap for subsidized child care and development services at the community level. The information available in the documents will assist both County personnel and community-based organizations in addressing the most pressing needs for child care and development services for County clients and the low-income families.

FISCAL IMPACT/FINANCING

CDE contracts require and fund the data collection efforts needed to complete the countywide priority setting process. Approval by the Board of these documents is needed to fulfill contract requirements. There is no direct fiscal impact to the County for approving the documents.

FACTS AND PROVISIONAL/LEGAL REQUIREMENTS

To comply with all statute and Education code requirements, the geographic funding priorities are established analyzing data on: all children from birth through 12 years old in working families; and all children from birth through 12 years old in working families with incomes up to 70 percent of State Median Income (SMI). In addition, data on the availability of subsidized child care and development services informs the priority setting process.

The process for approving the geographic funding priorities includes both the approval of the County Superintendent of Schools and the Board of Supervisors. Dr. Arturo Delgado has indicated his approval on each of the two documents. In addition, a public hearing on the geographic funding priorities as required by statute was held on February 4, 2015, and then the geographic funding priorities were presented to and approved by the Planning Committee on March 4, 2015.

Geographic priorities for the expansion of subsidized child care and development services were calculated at the zip code level. Population estimates based on 2010 Census zip code data served as the baseline to estimate the number of children from birth through 12 years old in Los Angeles County eligible for State funded child care and

development services, as well as Early Head Start and Head Start. Data available from the CDE and annual survey data available at the zip code level was used to determine the number and percent of children served or not served by State funded child care and development services, Early Head Start and Head Start. Formulas provided by the CDE were applied to the data, ranking each zip code as a first, second or third priority for expansion or as not eligible for expansion funding.

The analysis identified 163 zip codes for expansion of child care and development services targeting infants and toddlers and school age children. Of these, 78 are designated as Priority 1. In contrast, the need for preschool expansion is less significant with 108 zip codes assigned a priority for half- and full-day combined. Only eight of these zip codes are designated as Priority 1 areas. Based on the analysis, the unmet demand for subsidized child care and development services for children from birth through 12 years old has increased compared to 2013, with 20 additional zip codes listed as a Priority 1 for infant-toddler and school age services and four additional zip codes listed as Priority 1 for services available to three and four year old children.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Compiling, analyzing and sharing the data produced in the geographic funding priorities serves as a resource to programs considering the development, relocation, or expansion of subsidized child care and development services. It provides a reliable estimation of conditions that affect access and availability of various types of care that can be used in planning and implementation of projects to enhance the availability of care for specific populations or geographies. Furthermore, the geographic funding priorities may serve as an effective tool to advocate for increased public investments in child care and development services for under-served populations, which include many families who also access County services.

Upon approval by the Board, the documents will be posted on the Office of Child Care website at www.childcare.lacounty.gov.

CONCLUSION

The geographic funding priorities documents will guide the distribution of funds should the Federal government or the State legislature approve additional investments.

The Honorable Board of Supervisors
May 19, 2015
Page 4

Two signed copies (original signatures in blue ink are required) of the geographic priorities should be sent to:

Office of Child Care
Service Integration Branch, Chief Executive Office
222 South Hill Street, 5th Floor
Los Angeles, California 90012

Copies will be forwarded to the CDE as required.

Respectfully submitted,

SACHI A. HAMAI
Interim Chief Executive Officer

RICHARD COHEN, PH.D.
Chair, Los Angeles County
Child Care Planning Committee
